SOCIAL MOBILIZATION STRATEGY

Over 24 YEARS, Friends Foundation has achieved significant milestones across health, WASH, education, governance, and humanitarian response. The following highlights represent the depth of FF's impact across Pakistan:

Social Mobilization Approach of Friends Foundation

Social Mobilization strategy uses the following

MONITORING & EVALUATION FRAMEWORK

A structured 5-stageM&E cycle ensures effectiveness, accountability, and continuous learning across all programmes:

01 PLANING
Baseline, stakeholder consultations, measurable indicators

02 DESIGNING
Evidence-based models, gender-inclusive data tools

03 IMPLEMENTING
Real-time monitoring, community delivery, coordination

04 EVALUATING
Mid-term & final evaluations, mixed methods, independent

05 KNOWLEDGE MANAGEMENT
Best practices, workshops, capacity building, scale-up

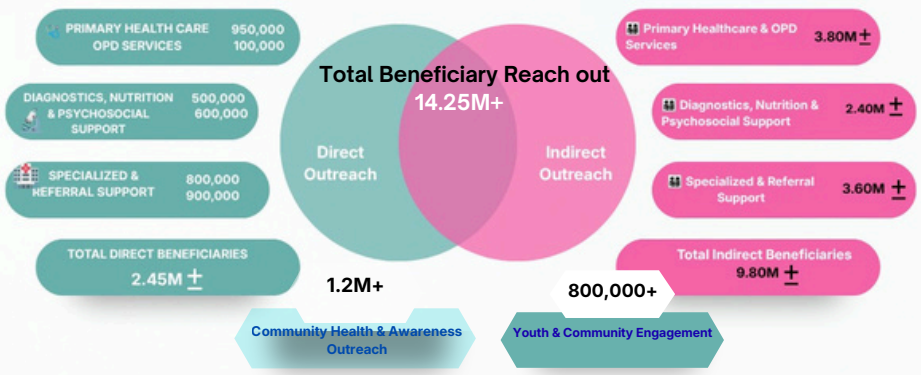

SBCC STRATEGY

Friends Foundation integrates Social and Behavior Change Communication (SBCC) as a cross-cutting strategy across all its thematic programs. Rather than treating SBCC as a standalone activity, FF embeds it into every project to drive sustainable impact and lasting behavioral transformation within communities.

MODES OF SBCC

FF uses a mix of interpersonal counselling, group sessions, IEC materials, theatre, and mass media campaigns.

HPV Vaccination Campaign 2025

In2025, theGovernmentofPakistan'sFederalDirectorate for Immunization (FDI), in collaboration with Gavi, the Vaccine Alliance, and development partners, launched Pakistan's first-ever HPV vaccination campaign for girls aged 9–14 years. As an implementing partner, Friends Foundation identified and mobilized out-of-school girls from underserved communities in District Multan (UC Gulshan-e-5 Faiz and UC Dera Muhammadi), supporting equitable vaccine access during this historic national initiative.
